Raymond Loses Cup to Spring Coulee 4 to 1

In a no-hit, no-run game for four innings, Spring Coulee and Raymond tangled in a Challenge Cup game on the local diamond last Friday. It was a pitcher's battle between Raisbeck for the Coulee and Alfred, our local ace, and while the visitors had men on third and second in both the 1st and 3rd innings they failed to score before the side was retired.

Spring Coulee broke away in the fifth inning and got two men around the circuit, and again in the sixth they scored two, and that was the end. Raymond connected pretty often but most of the hits were into the infield, and with the Long trio at 2nd, short and third, and Raisbeck reaching both ways real often, the hits were pegged to first and the side cut down, one, two, three.

Not until the ninth did Raymond score and then Joe McLean completed the circuit and saved us from a white wash.

It was a real game and Sp. Coulee battled the whole nine innings. Raymond played good ball but a few errors in the pinches let in some runs that were not really earned. But anyone who could not appreciate a game like that and lose without feeling good about it, would have something to learn about being good sports.

Geo Irwin and Solon Low handled the game to the entire satisfaction of all, and a big crowd was present to watch it.

The lineup was as follows:—
Spring Coulee:—E. Long, ss; Munroe lf; Rice, c; K. Long, 2b; Mercer, 1b; R. Long, 3b; Raisbeck, p; Fortner, lf; Malmberg, rf.
Raymond:—Humphreys, lf; McLean, 3b; Nalder, ss; Brewster, 2b; Alfred, p; Fairbanks, 1st; Kirkham, cf; Hickman, c; Tollestrup, rf.

Summary of Game.

123 456 789 R. H. E.
Spring Coulee 000 022 000 4 6 4
Raymond 000 000 001 1 1 7.

Messrs Green and Brant of the Vitomen Cereal Co; Vancouver were in town this week selling stock in the company. A demonstration was also put on at the Raymond Merc. at the same time.

Youth Drowns In Sand Creek As Rescue Fails

George Hutchinson 19 year old Canadian youth, was drowned in the waters of Sand Creek late Saturday afternoon as two of his companions, Lowell and Harvey Jeppson, sought vainly to rescue him. Young Hutchinson was seized with cramps and sank a few minutes after he had entered the water at a place on the Albert Jeppson ranch a few miles north of Idaho Falls.

The body was recovered an hour later by Sheriff Harry Meppen as he dove to the bottom of the stream. When Lowell Jeppson, 13, saw Hutchinson sinking he went to his assistance, but Hutchinson's wild grunts made it impossible to do anything with him. Lowell swam to the bank and went to the house after his older brother, Harvey 16. They returned with a rope, and attempted to throw it to Hutchinson, but he failed to grasp it. He sank before they could do more.

Hutchinson, whose home is in Raymond, Alberta Canada, had been visiting for the last three months at the home of his sister, Mrs Wilford Lee of Iowa. He is survived by his parents, Mr. and Mrs. Elias J. Hutchinson of Raymond Alberta; and 3 brothers and one sister in Winnipeg.

SERVICES THURSDAY FOR DROWNED YOUTH

Funeral services for George Hutchinson, 19, were held Thursday afternoon at 2 o'clock at the second ward L. D. S. church, with Bishop A. W. Schewder of Iowa officiating. Interment was made in the Iowa cemetery under the direction of Jack Wood.

His mother Mrs. Elias J. Hutchinson of Raymond, Alberta, Canada, arrived Tuesday night for the services, arrangements and begin work.

Local Happenings

KING—Born to Mr. and Mrs. Harold King on August 8th, a baby girl.

Bud Anderson bought a new Ford Roadster from King Motors this week.

Shingling is nearly finished on the new home of Dr. C. W. Leech. Inside work will be under way next week.

J. E. Clark and children left by motor on Thursday for a week's vacation through the pass to Nelson.

W. D. Mendenhall returned on Monday from a 15 day trip to visit family relatives in Springfield.

Solon Low and children returned on Thursday from Calgary with boyden W Low Mrs Low is staying at Kamloops for a couple of weeks yet.

The sun has looked red as fire the last few days as a result of the smoke screen from the forest fires in Southern B. C.

Bishop Heber Allen, his brother John, and Melvin Douglas, a brother-in-law left on Monday for a few days fishing trip.

A total of about 25 men are working steadily on the new Second Ward Chapel. It is such a large building that progress is not very rapid although it is steady.

King Motors sold a Light Delivery to W. Palmer and a Tudor Sedan to Ted Gourley, both Fords on Saturday last.

King Motors unloaded a car of Fords this week among which were two Town Sedans. This is a new member of the Ford family and you should see it.

Ira McBride, C. O. Asplund, and other members of the Stake Sunday School Board visited the Sunday schools at Wrentham and Tyrell's lake last Sunday.

Paul Dahl, Rayo Woolf, W. C. Stone and Solon Low were in Cardston for the ball game Wednesday, when Cardston lost to Calgary by a score of 5-4 Rayo Woolf and Solon Low stayed in Cardston Wednesday night.

Mrs Owen Hill of Idaho Falls, a daughter of Mr. and Mrs. L. D. King arrived in Raymond on Monday evening for a visit of a month or six weeks with her parents and other relatives.

In the notice re the Flower Competition in last week's issue we had it under the auspices of the U.F.W.A. This should have been under the auspices of the Women's Institute. We hope those interested will take notice of this.

T.K. Roberts and his crew have made splendid progress on the Raymond Motors building. The roof is all laid now and plasterers will be at work next week. "Tommy" also has some reconditioning to do at the Mammoth School.

A big BARN DANCE will be held at Hancock's new barn on Friday night, August 16, under the auspices of the U.F.W.A. Good music is promised and dancing will be from 9 to 1 o'clock. Everybody come.

L. D. King, W. Palmer and T. L. Halpin, and other interested parties held a meeting Tuesday night and decided to go ahead with some development work at their mine near Elko B. C. They engaged D. C. Palmer, a brother to "Wif" Palmer to supervise this and the two Palmers and P. V. Parkes of Lethbridge, left Tuesday night for the property to make arrangements and begin work.

Stake Quarterly Conference August 19th, 20th, 22nd

General sessions of Stake Conference will be held Monday night August 19, at 8 p.m., Tuesday night, Aug. 20, at 8 p.m. and Thursday night, Aug. 22, at 8 p.m. The Monday night session will be the regular Sunday afternoon program of the Conference. The Tuesday and Thursday evening meetings will be featured by a special program furnished by the Stake M. I. A. and Stake Primary Board.

A dance will be given following the Thursday evening meeting, with music by the Canadian Kids.

Stake Board Meetings in connection with the Conference will be held as follows:—

Monday at 4 p.m.—Stake Mutual Board in the Stake House; Stake Primary Board and all Ward Primary Officers in the High School.

Monday at 5:30 p.m.—All Mutual Stake and Ward Officers in the Stake House; Members of the Primary Stake Board in the High School.

All evening meetings at 8 p. m. Monday, Tuesday and Thursday.

SUMMER MILK DRINKS AND ICE CREAM

There are many evidences that the demand for milk and ice cream is increasing rapidly. These dairy products are used more extensively in the summer months, and the hotter it is, the greater the demand.

The latter part of June and all July this year has seen a considerably larger consumption of milk over the counter and ice cream cones than for several years. We came to this conclusion after discussing it with restaurant keepers and sellers of soft drinks in several Canadian cities. Then too, we have occasionally stood for a few minutes about 3 o'clock on a warm afternoon, in one of these soft drink dispensaries, and have noticed that there are many calls for milk drinks. These observations were made by the Secretary of the National Dairy Council who, during his travels, had occasion to go into a restaurant for a light lunch. The day was quite warm and in the few minutes there, 22 grown persons approached the counter for drinks. Of these, seven were noticed to order milk drinks. At the same time, nine children ordered an ice cream cone each.

On a hot day, milk drinks are very refreshing. If you don't think so, just try one! Chocolate milk drinks seem most popular, with strawberry coming second. What is more refreshing than a nice cold drink of either of the former? From the health standpoint it is nourishing. This applies to grown ups, while children still stay by ice cream, cones or sandwich.

The United States tourists are heavy milk drinkers. However, before ordering milk, they generally ascertain if it is pasteurized.

In order to meet this increased consumption during the hot weather, the milk distributors make extra preparation so that their sales may be larger. The larger the milk distributors; sales of milk, the better it is for the dairymen.

Quite frequently we find that milk distributors are discriminating in their advertising of milk, and are putting some very attractive advertisements. Milk sales are in direct competition with all kinds of soft drinks, which are advertised extensively, but the actual health value of milk drinks is away ahead. Attractive publicity, such as is put out by the Dairy and Cold Storage Branch and the National Dairy Council, together with co-operative advertising by milk distributors in cities today, undoubtedly increases milk drinking. This will be for the

Raymond Juniors Win Five Medals At Wetaskiwin

Raymond did herself proud at the Provincial Track and Field Meet at Wetaskiwin last week, when the Junior Team trained and coached by Bishop Walker, who with Paul Dahl took them to Wetaskiwin, brought home five medals, in competition with the rest of Alberta, and in most events competing against people from two to three years older.

In the 100 yard dash there were 13 entries and it was run off in three heats. Frank Weaver run in the first heat, and came first. Harris Walker run in the second heat and came first, and then in the finals, they came in fourth and fifth.

Harris Walker won 3rd in the 440 run and the shot put, and won two Medals.

Bruce Galbraith won 3rd in the High Jump and the Pole Vault and won two Medals.

Mildred Galbraith won third in the High Jump and received a Medal.

In the half-mile Bruce Galbraith set the pace all the way, but he over estimated his speed and when within about 40 yards of the tape he was forced out.

The Provincial records were broken by the boys in the 220, 440 and 880 run, the hop-step and jump and the pole vault. Records were broken by the girls in the 100 and 220 yd. dash the Broad and Hop-step and jump.

Bruce Galbraith bettered the Provincial record in the Pole Vault by three inches and then was beaten by 1/2 inch. 6 of the 13 in this event beat the Provincial record.

In the High Jump for Girls Mildred Galbraith beat the Provincial record by 1 inch and then came third.

If these people keep in shape they should top the list at next year's meet as they were in competition this year with people who will be in the Senior Division next year in most events, and all of these, except Frank Weaver have two years yet as Juniors. Raymond is justly proud of this showing.

The new record maker in the Ladies 100 and 200 yard dash, Miss Mable Cheek is only 15, years of age and according to Bishop Walker, simply flies over the course.

The consumption of ice cream greatly increases during the hot weather. As we have already said, the "kiddies" prefer the ice cream cone to the drink. The ice cream brick is becoming popular among householders as a dessert or evening treat. It is claimed that the people of the United States are the greatest ice cream eaters in the world, consuming 143 cones per capita, as against 63 cones consumed by Canadians. "The ice cream industry uses a large quantity of the surplus milk and cream during the summer months. The increased use of ice cream in those months fits in well with the dairy business by using part of the surplus milk which cannot be sold as fluid whole milk."

Taylor Stake Tennis Finals

The Taylor Stake Tennis and Volley Ball Finals on Wednesday afternoon were witnessed by a fair-sized crowd and some good work resulted. The winners were as follows:—

Men's Doubles—Raymond 1st Ward with Paul Redd and Booth Card playing.

Men's Singles—Raymond 2nd Ward Milton Strong.

Ladies Doubles—Raymond 2nd Ward; Misses Winnie Eveson and Lulu Paris, no competition.

Ladies Singles—Raymond 2nd Ward Miss Muriel Webster.

Volley Ball—Raymond 2nd Ward no competition.

The Dance in the Opera House a night was very successful and was well attended. King's Canadians furnished the music.

MAUDE HENDERSON PLAYERS COMING

The Maude Henderson Players, so well known by local audiences, are coming to the Capitol Theatre for a three night engagement, commencing Aug. 22nd. This company has been travelling Western Canada for years, and they always find a hearty welcome in Raymond because of the fine type of plays they put on. This time the opening play will be "Square Crooks," a 3 act play in which you get suspense, action and comedy all dished up in one. This play is one of the latest New York hits.

There has been a price reduction for this engagement too, the price now being 75c for Adults and 25c for Children.

This will be the first appearance of this company in the new Capitol Theatre and with the new scenery and exquisite lighting effects, patron are promised a real entertainment for these three nights.

WHEAT POOL NEWS LETTER

Over 400 agents of Alberta Pool Elevators were assembled in Calgary last week at a four days Convention and every phase of the Pool Elevator business was fully discussed. H. W. Wood, Chairman of the Board of Directors of the Alberta Wheat Pool in his opening remarks strongly recommended that the agents would best serve the Pool's interests by dealing with the members with utmost fairness. He pointed out there was no incentive under the Pool system of elevator operation for any agent to deal unfairly with any member. The Pool Elevator system is not operated for profit, Mr. Wood declared, but solely on the basis of service to the member ship.

Following the cut-off on the 15th of July when the 1928-29 Pool was closed, the Alberta Wheat Pool is taking court action against Pool members who failed to deliver all the wheat they raised during that crop year. The Pool contract calls for the delivery of all wheat raised by each Pool member within the confines of the Province and the stipulated penalty for infractions is 25 cents a bushel. While the great bulk of the members are loyal there are some who have apparently overlooked their legal obligations, and the organization is taking energetic action against the latter. It is realized by the Pool that court action is undesirable but at the same time it is not fair to the bulk of the membership for a comparatively small number to act disloyally and flout their contract.

R. D. Purdy announced at the Convention of Pool Elevator agents that the Alberta Wheat Pool now owns 435 elevators spread over the length and breadth of this province. This is an increase of approximately 135 over the number operated last year, and makes the Alberta Pool easily the largest elevator organization in

The Convention of the Women's Institutes of the Taber Constituency held at the Opera House on Friday, August 9, was well attended and very successful.

Mrs M. L. Thompson, Convenor of Condale, was in the chair, and the first item of the morning was reports of the various Institutes as follows:—Raymond, Condale, Grassy Lake, New West, Lethbridge, Kenniburg, Burdett, Taber, Eversley and Purple Springs.

Then the Standing Committees were heard from as follows:—

Canadian Industries, reported by Mrs. J. F. Anderson, Lethbridge; Immigration, Mrs. Lathrop, Lethbridge; Child Welfare, Mrs. Porter, Taber; Canadianization, Mrs. Ison, The reports on Home Economics, Legislation, Agriculture and Education and Letter Schools were not given as the Committee representatives were not present.

Addresses of Welcome were given by Mayor Cope of Raymond, and Mrs. Thomas Allen, the president of the Raymond W. I.

Mrs. Janette Carmichael, 15 years of age, by special request gave her speech which won 2nd place at the University of Alberta last year.

Mrs. F. C. Aleck, Champion District Director gave a splendid talk, "The Principal Work of Womanhood."

The Convention voted again to give scholarship to the A. C. this is \$50 for the girl in the Taber Constituency winning the highest marks in Household Economics.

The community singing was led by Mrs. C. E. Strong of Raymond with Mrs. R. W. Tollestrup at the piano, and special musical numbers were given as follows:—Phyllis Duett—Mrs. J. W. Tollestrup and Mrs. J. G. Kirkham; Piano Solo—Mrs. Gilbert; Vocal Solo—Mrs. H. M. Holmes.

Dinner was served at the Opera House to all present by the Raymond body, seventy six delegates being present. The project for the coming year is a health centre in the Taber District, and next year's convention will be held at Grassy Lake.

The report of the resolutions committee showed four resolutions brought in for adoption, which were as follows:

(1) "Since we have school and baby clinics, and whereas a child's health is important to the home and community for its present welfare, therefore be it resolved that the Taber Constituency W. I. take steps to establish a free adult clinic with a view to educating our adults in prevention."

(2) "Since the question of employment affects the entire immigration situation, and as we are in need of adequate employment for our own boys and girls, therefore be it resolved that we urge upon other public bodies such as boards of trade, the need of a vocational survey with a view to establishing industries to give employment."

(3) "Be it resolved that we vote our thanks to the mayor of Raymond for his courteous greetings and advice."

(4) "Resolved that we move a hearty vote of thanks to Raymond W. I. for the splendid entertainment, music, dinner, and sincere hospitality."

The local Institute, under the direction of Mrs. Thomas Allen, are certainly worthy of the praise and commendation offered for the elaborate lunch served and the refreshments prepared for such a large attendance of women.

Alberta. The Pool has now facilities to handle approximately 99 per cent of all Pool wheat.

The Alberta Wheat Pool will pay farm storage to Pool members who hold their wheat on their farms until Monday, December 2nd, the amount being 2 cents per bushel. This decision was recently arrived at by the Directors of the organization. Last year the Pool paid farm storage on a different plan, 1 cent per bushel being paid on wheat held until December 1st, and an additional 1 cent for wheat held on farms until March 1st.

ARE YOU GOING TO VOTE

Next Monday, August 19, Raymond's ratepayers will have another opportunity of expressing themselves regarding the building of a Town Hall and Fire Hall, and we wonder how many will vote on the proposition. The first time a vote was taken only about 25 per cent of the voters appeared to cast a ballot, and the Council went ahead. The Utilities Board however refused to accept the verdict because of a little technicality in the advertising regarding the By-Law and another vote has been called. What per cent will express an opinion this time.

How lightly we value our franchise. How little we appreciate the privileges we have that have cost so much on the part of our ancestors for us to enjoy, and what a future it would create if the town went ahead with a large undertaking and did not consult the ratepayers. And yet, when we are called upon to express ourselves, ever thing comes before our voting.

In our own opinion our voting should come first. We should plan our day's activities so that some time during the day we could get to the polls and vote. Firstly, to exercise our franchise and do our duty as a citizen and secondly to let the Council know by a good heavy vote how we feel regarding the proposition at hand.

Let this be our slogan on Monday: Every voter cast a vote for or against the By-Law.

NOTES FROM THE R. S. A.

Mr. Peterson from the Dept. of Publicity is at the present time at the school gathering specimens of grains and grasses for government exhibit purposes.

Mr. F. H. Grisdale, principal of Olds S. of A. and Mr. A. Kemp instructor of the Olds staff were visitors at the school on Wednesday. Mr. Grisdale remarked on the fine grounds and splendid garden.

The new school Calendars are now out but if you are interested let us know and we will send you one.

The registration up to the present time is 27.

Watch the press for weekly reports and help us grow by Co-operating.

Mr. Chas. Asplund is this week judging at the Pincher Creek and Cardston Agricultural Fairs.

Note by the calendar that C. A. Barragar B. S. A. Instructor in Mechanics will be back again this year. This is a pleasant surprise and we feel it will boost the school a great deal as he is a real mechanical expert.

EXAMINATION RESULTS IN RAYMOND SCHOOLS

Distinctly improved results follow first year of Mr. Elacharoff's supervision.

Grade VIII showing best in many years. High School results very gratifying.

Mrs. Powelson has received the official report from The Department setting forth the marks made by Raymond students. Reports show that in Grade VIII, of 71 candidates writing 51 passed, that is 71.83 per cent.

In Miss Mabel Ethridges room 35 wrote and 31 passed, making a percent age of 88.57. Miss Ethridge left to get married. We congratulate her but we hate to lose her, as we need teachers who can accomplish results like hers.

When we remember that last year, out of 49 candidates writing, 24 passed, that is 48.93 per cent, we can see gratifying improvement.

High School students made an even better showing, though late starting in the fall, caused a number of them to fall down badly thus damaging the record of the wisest and more industrious students.

All the students in the school wrote 543 units. Of these units 459 were passed. The unit-percentage of the school is thus shown to be 84.54 per cent. This will compare very favorably with the success of other schools like ours and is slightly better than last year's success. Details follow:

Grade Nine—Students writing 21 Units written 135 Units passed 117 Unit-percentage 84.78.

Six units in grade nine constitute a full year's work. The number passing six units clear was 14, that is 66.23 per cent. If the Grade Eight standard of marking had been applied to Grade Nine, that is, if a student who did not go below forty in any subject and who made an average of 50 per cent in all subjects could pass in Grade Eight, then 17 Grade Nines out of 21 would have passed. This would be 80.95 per cent, passing clear Grade Nine's unit percentage of 84.78 per cent reflects great credit upon pupils and teachers.

GOLDEN TO REVELSTOCK ROAD WILL BE BUILT TO COMPLETE CANADA ROUTE OVER ROCKIES

AGREEMENT BETWEEN HON. CHAS. STEWART AND TOLMIE, FOR B. C. CONCLUDED

LAST LINK IN WINNIPEG TO VANCOUVER HIGHWAY

ROAD WILL BE NINETY MILES LONGER THAN ORIGINAL ROUTE MINISTER SAYS

An agreement has been concluded between Hon. C. Stewart and Premier Tolmie, representing the Dominion and British Columbia governments respectively, for the completion of the last stretch of the trans-Canada highway from Winnipeg to the coast. It lies between Golden and Revelstoke.

Mr. Stewart explains that while the highway is ninety miles longer than the originally projected route through the National park, it will avoid the danger of snow-slides from the mountains.

With this road completed, it will be possible to motor along all-Canadian highways from east of Winnipeg through to Vancouver. This fact will probably give some impetus to the project of a national motor road across Canada, but there are obstacles in the way. One is the heavy cost of a roadway around the lakes, most of it is rock cut. Another is the argument that it would provide further competition for the railways in which so much public money is already invested. Nevertheless, it is pretty well agreed that with the enormous increase in motor traffic the national highway must come.—Calgary Herald

ODE TO THE HORSE

Irma Times—O horse, you are a wonderful thing. No horns to honk, no bells to ring, no license buying every year, with plates to screw on front and rear.

No sparks to miss, no gears to strip you start yourself, no clutch to slip, no gas bills moulting every day to steal the joy of life away. Your inner tubes are all O. K. and, thank the Lord, they stay that way.

Your spark plugs never miss or fuss. Your motor never makes us cough. Your frame is good for many a mile, your body never changes style, your wants are few and easily met—you've something on the auto yet.

Welling News

(From our own correspondent)

About one-half of the farmers have commenced cutting their wheat. While a rain would benefit the bees and a little late grain it would do more harm than good from now on. The farmers are hoping for a dry harvest. Deletia Rasmussen was the guest of Elsie and Vaylatte Peterson the first part of the week. She returned home on Friday accompanied by Vaylatte. Vaughn Taylor was here two days last week and sold two 1½ ton trucks to N. W. Peterson and David Bullock. Many people from here attended the Magrath Fair.

Mr. and Mrs. Reed Wilde and family, Mr. and Mrs. Leslie Chipman, Mr. and Mrs. Geo. E. Gunning and Miss Margaret Gunning spent the week end at Waterton Lakes.

There was no meeting held here Sunday afternoon.

Mr. and Mrs. Wm. Schmitt motored to Diamond City Sunday.

A large number from here spent Sunday in Barnwell. Mrs. A. M. Peterson of Barnwell oldest daughter of Mr. and Mrs. A. M. Wilde celebrated her 51st birthday. The following attended the birthday party:—Mr. and Mrs. A. M. Wilde, Mr. and Mrs. A. A. Wilde and family accompanied by Leon Peterson of Barnwell, Mr. and Mrs. D. E. Wilde, Mr. and Mrs. Floyd Wilde and family Mr. and Mrs. Spencer Wilde and family, and Mr. and Mrs. LeRoy Chipman and family.

Others who spent the day visiting with friends and relatives were: Mr. and Mrs. E. K. Bullock and family, Mr. and Mrs. George Bullock and family, Mr. and Mrs. Alma Bullock and family, Mr. and Mrs. Amasa Bullock and family, and Mr. and Mrs. David Bullock.

Mr. and Mrs. Mike Schumers are entertaining friends and relatives from Utah. They arrived by car Sunday evening. Among them are Mr. and Mrs. Louis Schumers and family formerly of Welling now of Ogden Utah. Mr. Schumers still owns a large farm and home here.

The basement has been dug and they have commenced hauling gravel for the new church.

The school house is being re-plastered before school commences. T. K. Roberts has the job.

Vernon A. Coleman of Lethbridge will be the teacher here for the coming year.

Mrs. Carl Peterson of Kimball visited her mother Mrs. A. M. Wilde Monday. She was accompanied by her daughter Vivian who will remain here till school starts, visiting with relatives and friends.

D. E. Wilde has purchased J. T. Heninger's farm here. This makes Mr. Wilde among the largest farmers of the district.

MONSTER ENGINES MOVING WESTWARD

NEW C.P.R. LOCOMOTIVES FOR MOUNTAIN DIVISION BIGGEST IN EMPIRE

Moving majestically westward, "No. 5900" first of the giant oil burners of that series to be used through the mountain district of the C.P.R., left Winnipeg on Saturday. Because of urgent need in the mountain section, the engine will not be on inspection along the route, but it is expected before the fleet is delivered to the British Columbia district, people in the divisional points west will have an opportunity of a closer view of the greatest locomotive ever constructed in the British Empire.

The engine and tender measure 98 feet and weigh 750,000 pounds, eighty times heavier than Stephenson's "Rocket." Its tractive effort is 78,000 pounds and is able to develop more than 4,200 horse power, or about eighty-five times as much as the first locomotive, "The Rocket." The cylinder of No. 5900 and her sisters is 26½ inches in diameter and the stroke is 32 inches.

Another feature is that the cylinders and under-frame were cast in one solid piece weighing nearly 67,000 pounds. A "booster," that is a little sister attached to the wheels of the engine's trailing truck, will be called on in emergency to get a heavy load into motion up to 12 miles an hour. The oil-fired boiler, consisting of two miles of piping, is of nickel steel and withstands 28. pounds boiler pressure.

The cab in which the engineer and fireman sit is large and luxurious, though not furnished in the same materials as the lounge of the Trans-Canada, leather being the medium together with shining brass and nickel. There is no coal to mar the brightness of the interior and the smoke is carried off through funnels and leaves no cinders in its wake.

The new engine is capable of doing the work of two of those now on duty in the mountain division. The old engines will be released to haul the crop in other areas.—Calgary Herald.

The Cheapest Good Thing Today Is Electric Service

APPLIED TO HOUSEHOLD DUTIES BY MEANS OF MODERN ELECTRICAL APPLIANCES, IT CAN LIGHTEN THE WORK OF THE BUSY HOUSEWIFE, RELIEVING THE THRESEM HAND LABOR STILL BEING CARRIED OUT DAY AFTER DAY IN MANY HOMES.

For service rendered, electricity is unquestionably the cheapest item in the family budget.

A washing machine for example, can be used approximately five hours for 1 K.W.H. (kilowatt hour or unit); a vacuum cleaner approximately six hours for 1 K.W.H.; an 8 inch fan approximately forty hours; and there are many other similar economical, efficient electrical appliances for the home.

THE ELECTRIC WAY IS THE BETTER WAY

You will be surprised at the economy and service of electrical appliances in the home.

"The Alberta Wheat Pool Expects Every Pool Member Will Do His Duty"

IF AT ALL POSSIBLE

Deliver All Pool Wheat To Pool Elevators

Pool elevators can handle Ninety Per Cent. of all Pool Wheat.

With a short crop this year it is imperative that Pool elevators should handle as much grain as possible.

Pool members' safety and the protection of the Six Million Dollars invested in Pool facilities demands that every possible bushel of Pool wheat that can be delivered to a Pool elevator should go there.

TWO CENTS A BUSHEL FARM STORAGE WILL BE PAID ON ALL POOL WHEAT HELD ON FARMS UNTIL DEC. 2, 1929

Sending Money to Distant Points

You can send any amount of money to any point in Canada at a minimum of expense by using a Canadian Bank of Commerce Money Order. This method is the simplest, safest and most convenient way to send remittances by mail in the Dominion; if the mail goes astray no loss is sustained. Should you desire to send money to a point outside the country, a Canadian Bank of Commerce Draft will serve your purpose for forwarding money to foreign places.

RE — ADVERTISING PROPOSED
DEBENTURE BY-LAW FOR BUILD-
ING A TOWN HALL.

A BY-LAW of the TOWN OF RAY-
MOND to provide for the Building of
a NEW TOWN HALL AND FIRE
JAIL.

WHEREAS it is deemed advisable
by the Municipal Council of the
TOWN OF RAYMOND to Build a
Town Hall in the Southeast-Corner of
Blocks One (1) and Two (2) at an
Estimated Cost of \$10,000.00

AND WHEREAS it is deemed ex-
pedient that the said loan bear in-
terest at the rate of 6 p.c. per annum
to be paid equally in annual install-
ments both as to principal and inter-
est of \$871.85

AND WHEREAS it has been as-
certained that the probable life of the
building and the necessary changes
shall continue over a period of Twen-
ty Years.

AND WHEREAS the Rateable val-
ue of the Property of the Town of
Raymond is \$524957.53.

AND WHEREAS the Total Bonded
Indebtedness of the Town of Ray-
mond is \$40,918.16 and no part of it
is in Arrears.

THAT FOR THE PURPOSE
AFORESAID there shall be borrowed
on the credit of the Town of Raymond
at Large, the full sum of \$10,000.00
and Debentures shall be issued there-
of in the sums of not less than One
Hundred each, bearing interest at
the rate of 6 p.c. per annum.

THAT THE DEBENTURES shall
be issued and dated within one year,
and shall be payable as nearly as
possible in equal amounts in each
year and shall run for a period of
Twenty Years.

The above is a true synopsis of the
By-Law as proposed by the Council
of the Town of Raymond, and will be
submitted to vote of the Burgesses
on Monday, August 19th, 1929 when
within Four Weeks from the time of
voting, the By-Law shall be passed.

THE POLLS will be opened for
Voting at the Town Hall at the
Hour of 10 A. M. and close at 7 P.
M. on the 19th day of August, A. D.
1929.

Luxurious Motor Service

Stormizing Maintains that Service at Low Cost

Stormizing oversizes cylinder walls to the same true, accurate
and perfect condition as when new. Stormized cylinders are al-
ways perpendicular, that is at POSITIVE RIGHT ANGLES with
crank shaft. No other cylinder oversizing process is so depend-
able for this all-important feature.
